

SOUMYA SONI

AI & ML ENGINEER

ABOUT ME

AI/ML Engineer with experience in designing, developing, and deploying machine learning and deep learning solutions. Skilled in data preprocessing, model training, evaluation, and optimization using Python and modern ML frameworks. Proficient in building end-to-end AI applications, integrating large language models (LLMs). Passionate about solving real-world problems with data-driven approaches and continuously exploring advancements in artificial intelligence, computer vision, natural language processing, and generative AI.

EDUCATION

Bachelor of Technology

Acropolis Institute Of Technology & Research

2024 - 2028

Higher Secondary Education

Santosh Mittal H.S School

2022 - 2024

LANGUAGE

- English
- Hindi

+91 780 604 1537

Tilak Nagar, Indore, Madhya Pradesh

PROJECT

CreditWise Loan Approval System

Developed a full-stack web application using React, Flask, and Scikit-learn that predicts loan approval based on applicant data and provides real-time eligibility results through an intuitive user interface.

Requirement Analysis using NLP

Automate requirement analysis using NLP techniques. Identify and classify functional and non-functional requirements. Extract important keywords and actors from requirement text. Reduce manual effort and improve analysis efficiency.

SKILLS

HTML, Python

SQL

Machine Learning

Data Analysis

Deep Learning

Git, Github, Canva

CERTIFICATION

- Certificate of Participation in Kriyeta 3.0
- Certification of Completion - Introducing Generative AI with AWS

CO-CURRICULAR

- Managing IntelliAi 2026 Hackathon
- Coordinate Portfolio Sprint 2026
- Participation in Singing Competition
- Winner of Style Walk Fashion show , Ardor 2026
